Morning Running club	£600	Additional before school club free to all children delivered by sports coach	Increased fitness and love of running and exercise. Ab	Impact measured through attendance and cross country trial running etc	
Tennis Coaching	£320	Lunchtime tennis club offered and tennis coach CPD training	Improve tennis skills. Racket and ball skills and balance/co-ordination.	Impact measured through attendance and monitored development	
Total	£17,140				

Review of Primary P.E and Sport Premium impact 2017-18

Priority	Impact
<p>Transport to sport via coach or minibus is provided to get children to fixtures/tournaments and learning community events</p>	<p>Over the year the school participated in over 44 competitive sports fixtures vs at least 12 different schools. All of Year 4, 5, 6 pupils participated in fixtures over the course of the year. Parental and child feedback suggests highly valued provision and many children now attend sports clubs in these sports out of school.</p> <p>In addition the school participated in various tournaments and learning community sports activities such as Devon Kwik Cricket tournaments, HLC gymnastics, trampolining and multi sport events.</p>
<p>Sports coaches paid to accompany teams to competitive sports fixtures and manage the teams</p>	<p>Results and match reports suggest children improved in each sport over the term as they were played regularly through matches and through Wednesday afternoon coaching.</p>
<p>Periodical purchase of equipment specifically to be used during competitive sports fixtures such as hockey kit, footballs, netballs and sports clothing and equipment</p>	<p>Photo evidence and feedback from parents and other schools point to children of Stockland feeling proud and looking very smart/professional when representing the school over the course of the year.</p>
<p>Marshalling bibs, stakes and tape as well as publicity printing.</p>	<p>Continued publicity saw 16 schools participated in 2017-18 Stockland Cross Country in 4 events over the Autumn and Spring. School based trials (for years 2-6 children) ensured every pupil experienced running long distance in a competitive atmosphere. There were no incidents of course confusion during the four events due to effective use of marshalling stakes and tape.</p>
<p>sports coaches used each Wednesday afternoon to work with children not participating in competitive fixtures that week</p>	<p>As well as facilitating sports fixtures sport coaches/PE teachers were used on Wednesday afternoons to offer high quality coaching in sports skills and fitness to those children not selected for fixtures each week. This ensured a greater fairness of provision for all children from Year 4-6. Parental and pupil feedback suggested this was a valued provision.</p>
<p>Use of school P.E teacher and coaches to organise and facilitate whole school events such as 'inter-house tournaments' in Hockey, Netball, TAG Rugby, Rounders and</p>	<p>Whole school events well supported and attended by parents and enjoyed by children. All children, including those not picked regularly for school fixtures experienced playing a range of sports in a competitive context</p>

Cricket as well as whole school events such as Stockland Scamper and annual pancake races.	
Swimming sessions for children in year 2 for 5 weeks in the Autumn term and 5 weeks in the Spring term with trained swimming coaches	All year 2 children receive swimming lessons from qualified coaches. Children are split into groups to receive appropriate coaching for their ability so all children make progress from their own starting points.
