Dear Parents,

We would like to take this opportunity to thank all our parents who are doing such an incredible job of supporting their child/children in accessing and working through remote learning. We could not do it without you. A huge well done too, to the children who are working so hard at home, showing a real motivation and desire to participate and do well in their learning. You should be very proud of yourselves.

We will continue to review our provision as we continue to work in this way. Children in school are accessing the exact same learning to ensure equity of provision as much as possible.

Take care.

Clive Hellowell  
Principal
