

STOCKLAND C of E PRIMARY ACADEMY

6th January 2023

Message from Miss Bendall

Dear Parents/Carers,

Happy New Year and welcome back. I mentioned to the children in assembly on Wednesday how lovely it was to see so many smiles and keen faces at the gate. It has been great to see you all.

Although only a short week, we have been incredibly busy. Firstly, some staffing news. Mrs Rachel Lewis will now be our school SENCo, she already works in this role at The Redstart Primary School and will be leading SEN at Stockland. Mrs Lewis will be on site at Stockland one day a week. There will be an opportunity to meet Mrs Lewis shortly. Mrs Gilmour-White will continue in her class teacher role on Mondays, Wednesdays and Thursdays in Class 3. Mr Murnane and myself will continue to teach Class 3 on Tuesdays and Fridays.

We also welcome Miss Rebecca Spence to Stockland. Rebecca is completing one of her PGCE trainee placements with us in Class 2. She will be here for most of the Spring Term.

With new hellos, there always comes a goodbye too. Today we say goodbye to Mrs Eul-Barker in the office. Vicky is leaving for a role much closer to home and we wish her all the best with her new opportunity. Vicky has been a real star and we will all miss her (and Florrie) so much.

On a super exciting note, we are congratulating Miss Martin who got engaged over Christmas in New York. Lovely news and huge congratulations to her.

It has been great chatting to the children this week who have all been keen to tell me about what they got up to over Christmas. On popping into classrooms, they have all settled back into working hard too.

A few important dates for your diary;

30th January INSET Day

Family Service:

Our first Family Service of 2023 will be next Sunday (15th January) at 11am and you are all very welcome to join us. Our Family Services are planned with families very much in mind. They are short, informal services that include contributions from children and adults alike and lots of singing. Following the service, copious amounts of tea, coffee, squash and biscuits are usually consumed!

Inset Day

Please note we have an inset day on 30th January—school will be closed.

Class 1 Featherlake News

Featherlake have done amazingly well settling back into school after Christmas. We have very much enjoyed listening to all of their Christmas news. In Maths we have been learning how to subitise up to 5 (look with your eyes, think quickly and say what you see - without counting) and also how to use the part, part, whole model. We have been learning more about winter and painted our own winter trees. Next week is all about birds and we will be taking part in the Big Schools' Bird Watch.

Class 2 Horner News

This week we have started our art unit on expressive painting and created some wonderful versions of Vincent Van Gogh's wheat fields (see photo below). We talked about the meaning of expression and about ways we could paint expressively.

Here are some of our creations based on Van Gogh's style:

Class 3 Quantock News

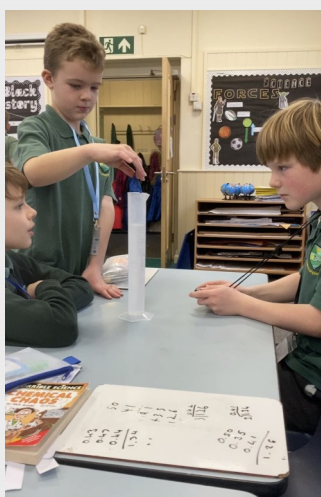

We've had a lovely couple of days back at school and it's been great to welcome Florence (Y4) to our Class. Lots of new friendships are blossoming which is always such a joy to see. We launched our new history topic yesterday - the Vikings and the children have worked hard to research information about this fascinating period in preparation for a class display. We can't wait to show it off! Next week we have our DT project 'Showstopper Sandwiches' to look forward to as we design, create, taste and evaluate our own sandwiches! The class are also looking forward to their gymnastic sessions at Axminster's Gymnastics Club which start next Tuesday.

Class 4 Bucehayes News

Bucehayes have enjoyed a great start to the Spring Term entering the Induction Program for NACA or NASA. (Can they remember what they stand for?) looking at the contributions of black women to the Space Race in America through our English lessons. We have carried out several science practicals about forces this week, using force meters and presenting our results in different ways. In Maths we are working on calculating with fractions, applying our knowledge into problem solving and reasoning questions. We are looking forward to working with the Chorister's from Exeter Cathedral over three sessions later this term in

Music and preparing for another public speaking competition on 'We are all equally entitled to human rights without discrimination' - How can children promote this?'
