

STOCKLAND C of E PRIMARY ACADEMY

31st March 2023

Message from Miss Bendall

Dear Parents/Carers,

As I write this I'm sitting in Wellington School listening to our children sing beautifully to ABBA with hundreds of other children from the local area.

A short one from me this week. It's coming up to a year since I've been at Stockland and I've been reflecting on how far we've all come. We know there is still more to do, but we've come a long way.

Thank you for all your support, your children are wonderful.

Happy Easter- have a lovely break and we'll see you all on Tuesday 18th April.

Kind regards,
Miss Bendall

Class 1 Featherlake News

This week we have been learning about Easter and having lots of Easter fun. Quantock Class helped us solve the clues to our Easter Egg Hunt on Tuesday and we also made Easter cakes. We have seen a real change in their maturity this term and we are so proud of the progress they have made in all areas of their development. After Easter we will be learning about Healthy Eating and Hygiene before we move on to growing and tending to our poly tunnel. We hope all of our children and their families have a wonderful Easter Holiday, you all deserve it!

Class 3 Quantock News

We've had great fun both in and out of the classroom this week on our S.T.E.A.M adventure. Monday was our technology and engineering day. The children used this time to complete their fabulous night lights (with working switches) before turning their attention to an 'egg-citing' engineering problem. The class was tasked with creating a safe passage for their eggs, from the upstairs staffroom window to the playground below. The only resources allowed were newspaper, string, a paper cup, bubble wrap, plastic sheeting and a small amount of masking tape! I'm pleased to report that 4 of the 6 groups' eggs successfully navigated the 'egg-zillering' journey. Sadly, two cracked under the strain!

On Wednesday, the class began exploring maths challenges with an Easter theme which they completed on Thursday. We also squeezed in some art, our lovely Easter service and lots of plant based science in the afternoons. Our science highlight was creating blue and red daffodils!

What an 'egg-cellent' week we've had! Happy Easter from Quantock Class, everyone!

Class 4 Bucehayes News

I will start this week by saying how immensely proud we are of the children in Year 5 and 6 Choir who have sung with 400 children at the Wellington School Come and Sing 2023. Particularly Megan who sang beautifully in the solo girl's sing off. She was definitely my choice.

We have been combining our map drawing and typography skills in Art and planning our final piece. There were lots of really interesting ideas of what we could map after looking into inspirational artists in this field and I am looking forward to the outcomes when we create them after the holidays.

At the end of last week we had a virtual author visit from Dr Sheila Kanani who highlighted the incredible variety of jobs that are involved in the space industry and shared an interactive quiz of optical illusions which was very fascinating and engaging.
