

STOCKLAND C of E PRIMARY ACADEMY

16th June 2023

Message from Miss Bendall

Dear Parents/Carers,

What a hot week it has been! The children have been brilliant at staying in the shade as much as possible and still working hard in lessons, especially the year groups who are currently undertaking statutory assessments.

Once again, thank you for taking the time to complete the parent survey. Over 95% of parents said their child is happy here at Stockland. I would like this to be 100%. Please speak to your child's class teacher if there is any problem or issue. We are always here to listen to any concerns you may have. 100% of parents said their child feels safe at school. The feeling of being safe and happy is fundamental to ensure children are in a good place to learn.

Reflecting on the survey, we will ensure in September we send home the expectations for each year group so you can see the objectives your child is working towards.

End of year reports will be coming home on Friday 7th July. If there is anything you would like to discuss in the report, you will be able to make an appointment to see the class teacher.

Have a lovely weekend.

Miss Bendall

Volunteers

We are always looking for more volunteers for various events. If you are interested in becoming a volunteer, please contact the school office for more information.

Sunhats and Sun cream

Please send your child in to school with a sun hat. Children also need to have sun cream applied at home before they come to school.

School Sports Day

The PTA will sell refreshments - coffee, tea and cake at Sports Day next Friday morning. Donations of cakes and biscuits will be welcome - if you are able to bring these in in the morning that would be great.

- Friday 23rd June—Sports Day 10am
- Friday 30th June—Reserve day for Sports Day

Duck Race 25th June

School, preschool and the Yarcombe Children's Fund are holding a duck race at Daisy's Dairy, Yarcombe on Sunday 25th June, prizes to be won and lots of family fun! Duck race entry forms were sent home in book bags but let us know if you need more.

Summer disco

We're still planning on a summer disco but have had to move our exercise challenge until next year. We'll find a new date - watch this space.

Class 1 Featherlake News

What do you do when it's hot? Have a paddle and a water fight! It's safe to say Featherlake absolutely loved their Forest School session with a difference. We have been learning the story Tiddler this week and the children have come up with some fantastic new excuses as to why he is always late for school. Next week we are moving on to 'At the Seaside' as our new theme and the children cannot wait for Sports Day, fingers crossed for good weather!

Reminder: Children need to come to school in **PE kits** on **Tuesday and Friday** next week.

Class 2 Horner News

This week, in science we have been classifying leaves. We found lots of leaves in our school grounds and then we observed them very closely to identify their key features. Afterwards, we made leaf rubbings using wax crayons and then we labelled our pictures with the name of the leaf.

Class 3 Quantock News

Monday saw the introduction of several new topics in Quantock class. Our imagination was captured by the book 'Wolves in the Walls' by Neil Gaiman. We will be using this funny, improbable, slightly scary, but hugely entertaining book to help inspire our writing over the next couple of weeks. In science we are starting to explore forces, with a particular focus on magnets and we are looking forward to whizzing around the world and improving our mapping skills as part of our new geography topic 'Around the World'. Our RE and guided reading lessons are focused on Hinduism for the last part of the academic year.

I keep hearing tales of giant beanstalks and stupendous sunflowers that are thriving at home. Sadly, my bean succumbed to a lack of water yesterday, but the potatoes we planted are doing well.

Class 4 Bucehayes News

First of all to say how lucky we are in Bucehayes, we really do appreciate that our classroom stays fairly cool when the weather is this hot. Please do ensure that the children wear suncream and hats and we will ensure they take their jumpers off and keep hydrating themselves.

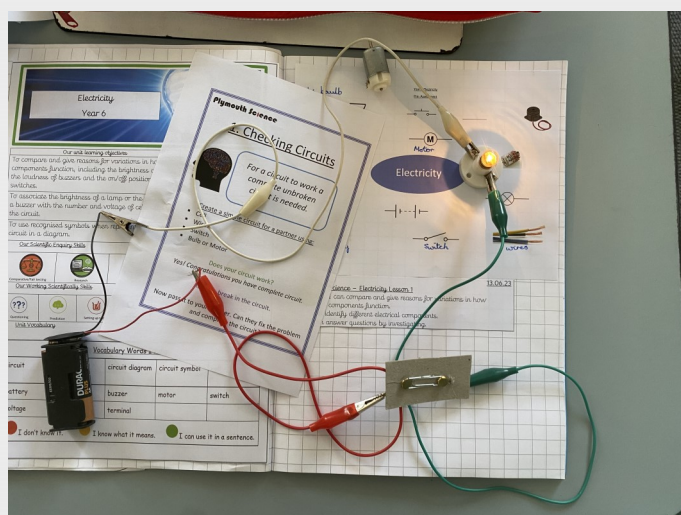

The children were very interested this week to start the new computing unit using crumble controllers and we will be learning how to connect them to other components and control the components through coding.

We are also learning about electricity in science and will be combining these skills to create a DT project in a future week.

In maths, Year 6 have been investigating Pascal's triangle and some of the sequences of numbers that can be found within it, such as the triangular numbers.

The play rehearsals are going well and we are very lucky that the PTFA have offered to pay Wendy Urqhart to come in and work with the children on a few occasions to help really make the play come alive. Thank you.

Well done to Year 5 this week completing their assessments but also thank you to year 6 for working in silence on your projects during those assessments.

GOREN FESTIVAL

30th JUNE-2nd JULY STOCKLAND EX14 9EN

Join us again in the wildflower meadows, at this family friendly, nature orientated festival. With 2 nights camping, live music and dedicated Nature Zone. Local independent stalls, food, performers and more.

gorenfestival.co.uk

This is our 6th year organising a family friendly, nature and music festival in Stockland at the end of June. It is set on a 70-acre wildflower farm of meadows, woodlands, and streams. Various wildlife & conservation experts will be coming along to do presentations on the Saturday morning and lead nature tours, bat walks, moth trapping etc through the meadows. There will be loads of nature-based children's activities, forest school and workshops. Mown paths through the meadows, a bar, camping, artisan street food vendors and trade stands, as well as live bands playing on stage in the barn.
