

STOCKLAND C of E PRIMARY ACADEMY

12th May 2023

Message from Miss Bendall

Dear Parents/Carers,

It has been a lovely week at school.

Key Stage 2 had an exciting visit to Queen's College to watch Mary Poppins, 3 children from Class 4 represented Stockland at The Redstart Learning Partnership Public Speaking competition and we have loved being back on the field in the glorious sunshine.

At the end of last week, we had a visit from Adam who is the lead on Social, Emotional and Mental Health within the Trust. Adam and I toured around the school where every single child was engaged with their activities. There was a lovely atmosphere and it was warm and welcoming everywhere we went. Adam's last comment was how he would love to send his son to Stockland- however he lives even further away than I do!

Please remember if you have any concerns or queries, contact your child's class teacher in the first instance. We are always keen to listen and help resolve any issues which arise.

Have a lovely weekend.

Miss Bendall

Class 1 Featherlake News

Featherlake have had a fantastically busy week learning all about bees. The children have enjoyed listening to the story 'Omar the Bees and Me'. On Monday, the children discovered how bees carry pollen from flower to flower and back to the hive with a Science experiment. On Tuesday, we baked honey cake. During Forest School the children ate their delicious cake and made bee baths for the bees to help them stay hydrated in the warm weather. They have definitely enjoyed being in the outdoor area in the sunshine, we have also had lots of wonderful performances! Next week we are learning all about the 4 seasons.

Class 2 Horner News

In Science, we have been identifying different flowers and sorting them based on the seasons they bloom in. We then designed our own garden, so it had colourful flowers all throughout the year. Here are some of our beautiful gardens:

Class 3 Quantock News

We've enjoyed a lovely week of weather, ran lots of miles and completed our planting. As you know, our writing this week has been based on producing instructions, firstly on how to make the perfect cup of tea and then free choice, including 'How to bake a delicious cake', 'How to repair a tractor' and 'How to be a brilliant ballet dancer'.

We enjoyed a particularly healthy science lesson on Wednesday when we completed our topic on Plants and their life cycles by tasting and comparing seeds. When we come back after half term we will be focusing on Forces and Magnets.

As you can see from the timetable below, next Thursday we have our next design and technology day. We will be exploring levers and linkages and using our learning to design and build Shadufs!

Class 4 Bucehayes News

I have shared pictures this week of the year 5 showcasing their digital picture books with reception class. They did a fantastic job and the children loved them. Well done Year 5.

We have also been represented this week at a Trust public speaking competition. The teams were speaking about what could children do to promote human rights. Tilly, Megan and Harriet spoke confidently with a very well structured speech. The deserved winners this time were Minerva school with an excellent speech including examples of what they had already done in their school. We enjoyed listening to all the other teams.

Wednesday afternoon we also spent some time listening to a live broadcast of Bournemouth Symphony Orchestra concert on the theme of dance music which included a song that the children had contributed composition ideas to in a workshop with James Redwood in the Autumn Term. There will be an opportunity for Year 4 and 5 to take part in a live concert next Autumn Term.

We have also started work on our summer play 'A midsummer Night's Dream' the children all have a script and know their parts. Please support them in learning their lines over the next few weeks.
