

STOCKLAND C of E PRIMARY ACADEMY

26th May 2023

Message from Miss Bendall

Dear Parents/Carers,

Yesterday marked a year since I became Head at Stockland, milestones like this are always good to reflect on everything we have achieved so far and to look to the future.

This week I have spent some time working with a school improvement lead from ACE. It was really useful and productive and is building on the school improvement work we have already done so far.

I hope you all have a lovely half term break. It's unlikely that I'll make it to the Stockland Fair this year as many of you know, I'm still without a car.

It's been so lovely to have continued sunshine - long may it continue through the half term break.

We look forward to seeing you all back in school on Monday 5th June.

Kind regards,
Miss Bendall

Class 1 Featherlake News

We are so proud of Featherlake this week and in fact this term. They have grown into mature children who are trying so hard with their learning. The children have been toasting marshmallows, looking at patterns in Maths and selling ice creams in our role play area. Thank you to Toby and mum for a very cute show and tell!

After half term we are going to be learning all about under the sea and the seaside. If you do anything that the children would like to share over the holidays, upload it to seesaw and we will have a half term show and tell session the first week back.

Your children will be coming home with Numbot logins today. They have been shown how it works today at school. Attached to their logins is a parent information letter.

Class 2 Horner News

In science, we have been investigating which material cress grows best in... sand, paper, cotton wool and soil. We learnt what a fair test was and also made predictions on what we thought would happen. We made sure we watered each pot with the same amount of water and put them in the same place - our class windowsill. We can't wait to find out the results of our experiment in a few days.

Class 3 Quantock News

We've had a fantastic week combining poetry and our outdoor learning environment to create question and response poems based on Clare Bevan's 'The Treasures'. As you will know, we also had our third DT day yesterday, making shadufs (ancient Egyptian water transporters). The class took on the challenge to design and construct their own shadufs, choosing their own resources from a selection of twigs, lollipop sticks, string, tinfoil and plasticine. The children were so supportive of each other and all successfully completed the challenge, despite a few early collapses due to the heat of the sun! Fabulous work Quantockers!

I'm now looking forward to watching the videos the children submit for Stockland's Virtual Science Fair. Knowing how creative the children are, the experiments they choose to share are sure to be amazing!

Extracts from our interpretations of 'The Treasures'

Henry Lee:

The Treasures

Who will give me the fresh honey from the bees?

"I" growled the bear. "Over canopies and tree".

Who will gather a clown fish white and yellow?

"I" called the whale. "With a boom and a bellow."

Benjamin and Thomas:

The Treasures.

Who will bring me the beauty of the lake?

"I," gurgled the Axolotl "Whatever the water."

Who will bring me the secrets of the jungle?

"I," growled the Jaguar "Under canopies and leaves."

Who will bring me the hush of a colourful feather?

"I," cooed the Bird of Paradise "Whatever the outstanding weather."

Who will bring me the secrets of little?

"I," hissed the Raft Spider. "Whilst I eat a skittle."

Who will bring me the power of darkness?

"I," fluttered the Moth "Even if I don't have much smartness."

But who will take and care for the valuable and precious gifts we give to possess forever?

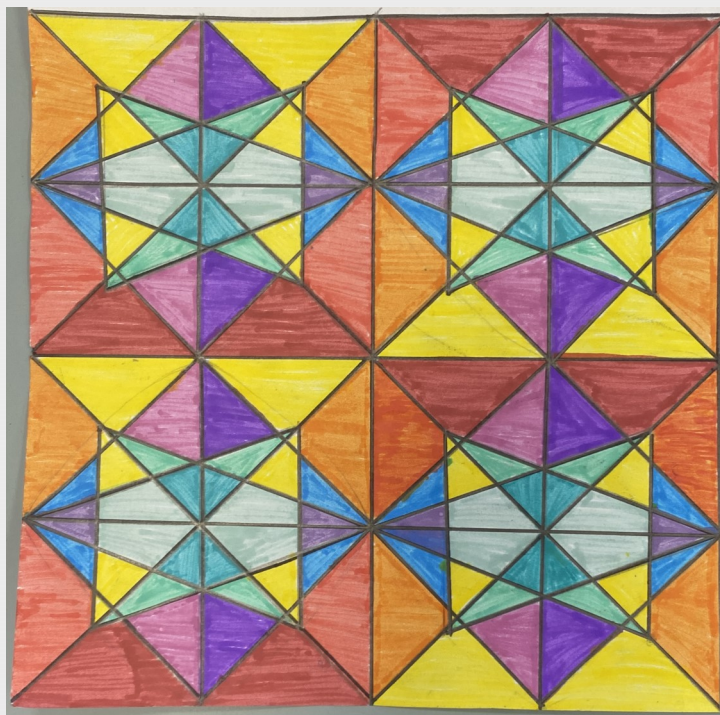

"We," hubbubbed Ben and Tom.

Class 4 Bucehayes News

We have been enjoying some independent writing this week. A persuasive speech for the school to get a pet dragon and a letter to our next teachers. We have completed our units on Islamic History and enjoyed creating Islamic Patterns and Tessellations in maths. Each afternoon, we have spent some time rehearsing our play and we have now spoken about costume ideas so they can start to think about what they have got at home that could be used.

GOREN FESTIVAL

30th JUNE-2nd JULY STOCKLAND EX14 9EN

Join us again in the wildflower meadows, at this family friendly, nature orientated festival. With 2 nights camping, live music and dedicated Nature Zone. Local independent stalls, food, performers and more.

gorenfestival.co.uk

This is our 6th year organising a family friendly, nature and music festival in Stockland at the end of June. It is set on a 70-acre wildflower farm of meadows, woodlands, and streams. Various wildlife & conservation experts will be coming along to do presentations on the Saturday morning and lead nature tours, bat walks, moth trapping etc through the meadows. There will be loads of nature-based children's activities, forest school and workshops. Mown paths through the meadows, a bar, camping, artisan street food vendors and trade stands, as well as live bands playing on stage in the barn.
