

STOCKLAND C of E PRIMARY ACADEMY

15th September 2023

Message from Miss Bendall

Dear Parents/Carers,

What a wonderful week of learning! This week has seen our Reception children stay each day for the whole of the school day- they already seem so settled. Class 3 had a wonderful time on their field trip to Quantock Turbary- they were pretty tired when they returned! Thank you to our wonderful volunteers who made this trip possible.

I met with some of the ACE Trust team on Thursday at their new working space in Somerset. It was great to meet many members of their team and to see how we can work together to develop Stockland even further. Exciting times ahead...

I hope you all enjoy the back to school party this afternoon- thank you to PTA for organising. I hope to pop in on my way home.

Have a lovely weekend.

Kind regards,

Miss Bendall

Breakfast Club

Thank you to those of you who responded to our email about a potential breakfast club. If you would be interested but haven't yet let us know please can you email the office as soon as possible.

Harvest Festival (Sunday 24th September)

Next Sunday we will be celebrating our Harvest Festival at 11am at church. The church and school have always worked closely together to support this event, with children taking part in the service and the school community contributing to a harvest display of local produce and foods. Following the celebrations, the foods are then donated to local food banks. Quantock Class have volunteered to create a Harvest display at school which will then be transferred to church next Friday, in preparation for next Sunday's service. Any donations for this will be very welcome - please drop them off outside Quantock classroom at drop-off or pick-up time any day next week. We look forward to seeing as many of you as possible join in with this colourful celebration next Sunday, led by Rev'd Julie.

Jeans for Genes Day (Friday 22nd September)

The school is once more supporting the charity Jeans for Genes by wearing denim or blue clothes on Friday 22nd September in return for a small donation to the charity. The children in Bucehayes and Quantock have been learning more about the charity in assemblies and Bucehayes will be leading a whole school assembly on Friday. The charity does amazing work supporting children and families whose lives are affected by a genetic condition that affects the child. <https://www.jeansforgenes.org/>

Class 1 Featherlake News

Featherlake have had a great first full week this week, I am sure they will sleep well tonight for you! This week they have been learning about what makes us all different, they have painted self portraits, ordered the letters in their name and also drawn a picture of who lives in their house. They have loved PE and have surprised both Mr Murnane and myself with their level of engagement with the games. The Pirate game on Tuesday was a big hit! Next week we are continuing to learn about who we are and why we are all so special.

Class 2 Horner News

This week in geography, Horner class have been making postcards and posting them in our class post-box. We learnt what a stamp was and why we need to put a stamp on a letter in order to send it in the post. After learning how to write our postcode and address, we then designed the front of our postcards and wrote a note to a friend in the class. Here are some pictures of our post cards:

Class 3 Quantock News

We had the most fabulous morning on Wednesday as we visited our turbary for the first time this school year. Spirits were high as we set off along the permissive footpath leading through Quantock Turbuary and neither the brambles or the mud deterred us! The adventure continued as we scavenged for the different sights, sounds, smells, etc. we were tasked with finding. There was so much to explore, we didn't have time to complete all our challenges so we have to return later in the year!

The walk back from the turbary to school was a complete contrast to the woods themselves. We couldn't have had better weather as we walked up and down hills and followed the river back to school. We were shattered by the time we got back and definitely ready for lunch but can't wait to visit again.

Thank you so much to our volunteers who accompanied us. Without your help we wouldn't have been able to experience this fantastic trip!

Class 4 Bucehayes News

Bucehayes have had a great week. They have become really quite competitive about naming and locating the countries of North America. Have a go at the Geoguesser game and see if you can locate them all as quickly!

We had a great afternoon in science learning about light reflecting off mirrors and they problem solved their way through lots of practical challenges and created an annotated diagram of a mirror maze.

Thursday, we started our Art unit and created some fabulous visual notes about Lotte Reiniger and Henri Matisse. We have now framed our fingerprint poems and have shared a sneak peek in the photos. The children will be trying to sell these to you on Jeans for Genes Day on the 22nd September. In order to cover costs the minimum price is £2.50 but any additional above this that you are willing to pay for your children's master pieces will be donated to the charity.
