Message from Miss Bendall

Dear Parents/Carers,

Today we had a wonderful visit from Ferne Animal Sanctuary. It is so important for children to hear about local charities and the important work they do. We all especially enjoyed seeing Freddy Ferne, their mascot!

On Monday, Reverend Julie lead our collective worship and was impressed by the contributions made by our children. It is lovely to have members of the local community involved in school life.

It is always great to see our values in action and there have been plenty of examples this week. One example yesterday was on the way into school, a younger child was struggling to carry their belongings into their classroom. Without prompting, a Year 5 child stopped and said 'here, let me help you with that.' Kindness in action.

It was fantastic to see all the children taking part in our sponsored run today- a great effort!

We look forward to seeing you at Cross Country on Wednesday 4th October- remember school closes at 3.15pm on this date.

Have a fabulous weekend.,

Kind regards,
Miss Bendall

Tiny Travels visiting Wednesday 29th November Years R—4

We have booked a company called Tiny Travels to visit Years R-4 on Wednesday 29th November.

Tiny Travels gives children a fully immersive, fun opportunity to learn about cultures around the world. They offer global learning through sensory exploration. Tiny Travels believes in amplifying historically marginalised voices. It is important that children learn about the true aspects of a country and not an idea of what the culture looks like, therefore they have hired women from all around the world to create the resources they will bring to school.

Class 1 Featherlake News

This week Featherlake have been learning about how to keep healthy, how to look after their teeth and also their feelings. The very much enjoyed making their calm jars and understand when they might need to use them. Next week the children are learning about their senses. In addition to this, we will be taking part in some friendship lessons partnered with Baby Born Bear and ichild. The lessons are to support children in their first term at school.

Class 2 Horner News

This week in DT, we made a simple slider in the context of a rabbit coming out of a top hat. We thought about how the slider moves and what the movement of the slider reminded us of. We really enjoyed making our slider creation and can't wait to make our horizontal slider next week in the context of a moving vehicle. You see some photos of our creations below:

Class 3 Quantock News

This week has flown by as we've been busy mastering place value in maths and writing sets of instructions in English. The classroom is currently awash with cardboard boxes as we have started planning our own version of an ancient Roman town for our DT project this term. We are really looking forward to the construction phase over the next couple of weeks and have every confidence of completing on time! Please do try and pop into the office at some point before half term to look at our wonderful 'Escape from Pompeii' extracts. Everyone is, quite rightly, very proud of their writing.

Class 4 Bucehayes News

Bucehayes have had a wonderful week including a virtual live author visit from Maz Evans sharing her writing process and a snippet from her new book 'Oh Maya Gods'. A shiny new copy of this book will be the prize in the extreme reading competition for our class. We have continued to enjoy our work on shadows in Science, Art and Music and are really looking forward to the performances we will be creating.
